4 ESSENTIAL FREEDOMS OF SOFTWARE

0 To run the software when ever you wish & for what ever purpose.

1 To study the source code & make modifications to the software.

2 To give or sell copies of the software to other people.

3 To give or sell copies of your modified versions of the software.

You have the 4 essential freedoms with other useful items that belong to you. Clothing, Food, Simple Electrical Devices. But most software companies do not want you to have these essential freedoms with software, running on your various devices. Taking away your control over your own devices.
